STATE LEGISLATURE REPUDIATES GOV. CAMPBELL

(Continued from Page One.)

primary has convinced the anti that they can defeat prohibition by a majority of from 150,000 to 250,000. The vote in the Democratic primaries, when all are counted, will reach over 250,000. Of this number the anti declare that more than 200,000 were anti vote. Colquitt's vote will be over 125,000 and Davidson's over 45,000. They calculate that this prohibitionists voted for either. This would give the anti from these two sources alone 180,000. They also calculate that not less than 20,000 Bailey-anti votes for Polindexter, bringing the total well up to 200,000. That submission carried is not taken into calculation. It is a well known fact that many anti voted for submission believing that it was the best way to dispose of the question once for all and stop agitation.

With nearly 400,000 votes, which did not come into the primary, which the anti claim are nearly all against prohibition, they seem now willing to test the matter at the polls with the prohibitionists. The anti have held back on account of the vast expense a prohibition election would entail, but they have come to the conclusion that it will be cheaper to fight the matter out once for all.

Prohibitionists Have Majority. Another thing that induces the anti to look favorably on a constitutional convention is the fact that there is no longer any doubt that the prohibitionists have two-thirds in the coming legislature and can submit the matter if it is desired.

That governor Campbell originally intended to submit some very drastic measures for the regulation of the saloons there is no doubt. He will probably not do so now. The governor does not court defeat. He has senatorial ambitions and for the legislature to repudiate him as the people have, would only add to his humiliations and destroy forever any hope that he might have of becoming a candidate in opposition to United States senator Bailey two years from now.

Senate May Confirm Hawkins. There is also every indication that the senate would confirm commissioner of Insurance Hawkins, despite governor Campbell's desires, but for the fact that senator Hudspeth, of El Paso, and senator Bradford, of El Paso, are in the senate. Their influence and not that of governor Campbell will result in the commissioner being humiliated by not being confirmed.

Insurance Repeat Not a Victory. That the insurance law repealed cannot be in any manner construed as a Campbell victory. This will result from the demand of the people and not on account of gubernatorial influence. The fact that a bill for which he is sponsor could be repealed by Texas many thousands of dollars to get off the statute books certainly cannot be a source of consolation or gratification to the governor.

Unless the temper of the present legislature changes it looks very much as if the very special session which the governor convened to "boost" his political ambitions will be the means of eliminating him forever from any hope of being a leader of the Democracy of this state.

KANSAS POLITICAL FIGHT NEARS END

Republican Congressional Primaries Tuesday; State Ticket Out.

Topeka, Kan., Aug. 1.—Primaries for the election of eight congressmen will be held Tuesday. All districts are at present represented by Republicans, all of whom are seeking renomination. Six have opposition of an avowedly insurgent character. The other two candidates, Victor Murdock in the eighth district and B. H. Madison in the seventh, both insurgents, have no opposition in their own party. It is a well defined fight between the "regulars" and the progressives, so called, of the Republican party.

In the first district D. R. Anthony is opposed by A. C. McNeill; in the second, Charles F. Scott is opposed by A. C. Mitchell; in the third, P. P. Campbell is opposed by Arthur Cranston; in the fourth, J. M. Muth is opposed by E. C. Jackson; in the fifth, W. A. Calderhead is opposed by R. R. Rees, and in the sixth, W. A. Reeder is opposed by I. B. Young and Hays B. White. The Democrats have candidates in all districts except the first and eighth and the Socialists in the eighth only.

An entire state ticket is also to be nominated. Governor W. R. Stubbs (Republican), is seeking renomination upon
